

WDC Amateur League

Registration Rules

General statement regarding registration:

The WDC Amateur League is founded to protect the rights of all dancers in open competitions, monitor and enhance the quality of these open competitions and to provide support to all competitors on both a national as well as an international level.

Therefore it needs:

- registration of organisations (to provide infra-structure).
- registration of organizers (to provide and rule the quality of competitions).
- registration of competitors (to allow communication direct with competitors).

The WDC Amateur League will therefore support all open competitions that already provide this quality and grant recognition and give full support to all competitions that guarantee the same intentions.

The WDC Amateur League will also support / organize an official World and European title in both Ballroom, Latin Tendance, Solo and Formation for different age-groups (as specified in her rules).

These championships will be open for every dancer / team as specified in the same rules.

Registration as an organisation.

The organisation must be a legal person and be registered as such in the country of residence.
